

A full selection of bins and boxes are available from Maybury. These heavy-duty bins and boxes provide safe and efficient storage and transport of your items in bulk.

Akro-Mils products are used wherever small-to-medium sized items are moved, stored, sorted or handled. We make over 200 products for industrial assembly and storage retrieval applications, including plastic tote boxes and bins, tool boxes, attached lid containers, heavy-duty cabinets and utility carts.

Akro-Bins[®]

- Heavy-duty bins securely stack atop each other, sit on shelving and hang from Akro-Mils racks, panels, rails and carts
- Molded of high-density polypropylene, AkroBins are unaffected by weak acids and alkalis
- Sturdy, one-piece construction is water, rust and corrosion-proof
- Guaranteed not to crack or break under normal load conditions, as stated in our 1-year limited warranty
- Autoclavable up to 250°F

Akro-Grids[®]

- Versatile work-in-process transfer containers
- Injection molded from high-density polyethylene
- Resists most solvents and chemicals
- Compatible with most racks, shelving and automated material handling equipment
- Dividers allow subdivision of the containers down to a 1 1/8" square compartment size
- Available in 8 sizes and 3 colors: red, blue and gray

Bin & Shelf Carts

Bin Carts

- A convenient combination of a heavy-duty cart with sturdy AkroBins[®] for organized, portable storage of parts or supplies
- 13-gauge steel, all-welded construction with 1 1/2" x 1/8" angle iron steel
- Bolt-on polyurethane casters – 2 swivel with total lock brakes
- Fully assembled with panel and AkroBins
- One lip down on top shelf for easy access to work surface

Shelf Carts

- Welded steel cart rolls smoothly on long-wearing casters
- Built to withstand loads up to 2,200 lbs. with recommended casters
- Swayback-style tubular push handle
- Choose from several caster options as well as: rubber matting, lips up or down, a writing shelf and drawers

A full selection of bins and boxes are available from Maybury. These heavy-duty bins and boxes provide safe and efficient storage and transport of your items in bulk.

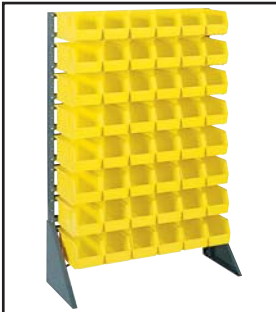

Louvered & Rail Hanging Systems

Louvered Hanging Systems

Take back valuable floor space and maximize parts storage and handling efficiency with Louvered hanging systems.

- Louvered Panels used with AkroBins[®] offer the ultimate in storage flexibility
- Secure stationary racks to the wall or floor and wall-mountable panels to a solid structure
- Six different models are available to accommodate up to 288 AkroBins
- Easy, one-person assembly

Rail Hanging Systems

Rail systems offer an economical storage solution to get the most from your AkroBins.

- Single- and double-rail units provide more flexibility in bin placement and hold multiple sizes of AkroBins
- Mobile kit available to mobilize two-sided racks
- Steel rail is ideal for work stations

System & Shelf Bins

System Bins

Quickly organize work environments with Akro-Mils' unique System Bins. Separate and sort parts or products to increase efficiency, shorten assembly times and maintain accurate inventories. A cost-efficient alternative to flimsy, individual cardboard boxes, System Bins are configured six across in a single unit, 33" wide x 5" high, and are available in 12" or 18" depths to fit standard shelving.

Shelf Bins

Shelf Bins outlast corrugated bins, paying for themselves in reduced replacement costs. Superior construction allows Shelf Bins to be fully loaded without bulging or cracking. These one-piece polypropylene bins work with 12", 18" and 24" deep shelving, or vertical storage and retrieval units. Available in 13 sizes and 3 colors: red, yellow and blue.

A full selection of bins and boxes are available from Maybury. These heavy-duty bins and boxes provide safe and efficient storage and transport of your items in bulk.

Pick Rack Systems

- Improves inventory control and organization of parts and components
- Provide a convenient, high-density, easy access, sloped shelving unit
- Systems are available as bench units, single- and double-sided freestanding units and also as mobile units
- Racks come with shelf bins and have a gray baked enamel finish over the metal that will not rust or corrode

Cabinets

Akro-Mils cabinets provide maximum protection of parts and equipment from dust, damage and theft. Made from 16-gauge, powder-coated steel, these cabinets are available with AkroBin packages to fit your unique storage requirements.

- Powder coat paint is resistant to cuts and scratches
- Shelves are adjustable on 2" centers, allowing the flexibility of securely storing multiple sized objects
- 6 standard configurations – shelves, louvered panels, combination with bins

Heavy-Duty Cabinets

- Greater weight capacity than standard cabinet systems
- Industrial strength lock and key ensure complete security
- 14-gauge steel construction

Nest & Stack Totes

These industrial-grade totes are extremely durable. Ideal for shipping, transfer and storage applications, NST's stack with or without lids for storage and shipping, and nest when empty.

- Strong, high-density polypropylene will not rust, corrode or bend out of shape, even when fully loaded
- Heavy-duty construction provides a longer service life, resulting in lower replacement costs than other "budget-priced" totes
- Smooth surfaces are easy to clean and resistant to most solvents and chemicals

A full selection of bins and boxes are available from Maybury. These heavy-duty bins and boxes provide safe and efficient storage and transport of your items in bulk.

Stack & Store Bins

The perfect way to organize heavy, bulky items. Stack bins together to form a storage system. Small Stak-N-Store bins fit 3 across on standard 36" shelving. Medium Stak-N-Store bins fit 2 across on standard 36" shelving.

- Bins stack to form tall, stable storage arrangements on floors or standard industrial shelving
- 75 lb. weight capacity
- Colors available: gray, red and blue

Attached-Lid Containers

These rugged, reusable containers function as shipping, distribution, order picking and storage containers. Most models are available in blue and gray. Reinforced steel hinge pins provide years of smooth lid operation, and padlock eyes on both ends accommodate security ties. Strong molded-in handle grips are ergonomically designed for easy lifting and carrying.

- Attached lids snap securely closed to protect contents from dust or damage
- ALC's stack and nest for optimal space use
- Containers interwork for easy pallet loading

Roto-Shelf

- Mobile storage unit can easily be moved to different work areas; ideal for assembly components
- 19 7/8" wide unit takes up very little floor space
- Four shelves rotate on an independent central metal shaft

Storage Cases

- Grid design in lid keeps items from spilling into other compartments
- Cases available in 3 sizes with different divider configurations
- Small and medium cases include 4 front-to-back adjustable dividers
- Large cases include 5 front-to-back adjustable dividers
- Clarified polypropylene for durability

Tote Caddy

- Hand-held tool and supply caddy
- Deep compartments hold loose parts, cleaning supplies or tools for easy transport
- Molded of heavy-duty, industrial-grade polypropylene for lasting durability
